

# GUIDANCE FOR NSW SINGLE AUTHORITY PROPERTY INQUIRIES

Valid from 1 July 2009 to 31 December 2009

A standard NSW Single Authority Property Information Inquiry Form is available for use in making single inquiries of various Government and related authorities on interests they may hold in particular parcels of land.

This brochure describes the way information may be obtained from those authorities that have agreed to accept the standard inquiry form, the types of inquiry that may be made, and the fees payable.

Because the various authorities identify parcels of land in different ways, it is necessary to provide a comprehensive description of the land by completing all sections on the Single Authority inquiry form. This will greatly assist processing by the authorities and will reduce the risk of any delays.

A Central Register of Restrictions (CRR) database has been developed which enables inquiries to be made online in respect of authorities who have notified their interests on the CRR. Online access is available via a network of Land and Property Management Authority (LPMA) authorised Information Brokers – see Online Search Information under Land Titles in the website, [www.lpma.nsw.gov.au](http://www.lpma.nsw.gov.au). The LPMA Property Information Inquiry Service (PIIS) also utilises the CRR in the processing of property inquiries.

The information contained in this brochure is valid from 1 July 2009 to 31 December 2009. Any changes in information and fee schedules during this period will be contained in a new information brochure.

## LODGMET PROCEDURES

Guidance on lodging the single authority inquiry form is provided under each authority's name in this brochure.

Please note that not all authorities accept direct inquiries and these authorities require that applications be lodged to organisations on-line to the CRR – see # authorities in pages 2 and 3 for these authorities.

Where inquiries are to be directed to several authorities, it is suggested that one copy of the form be prepared, then amending the "TO" (addressee) panel in Section 1 for each applicable authority (some authorities require two copies) then despatching each application with the appropriate authority fee. The sketch prepared or copy of plan in Section 7 on the reverse of the Single Authority form may be photocopied as a separate sheet for submission direct to authorities.

Because some authorities offer more than one type of inquiry the particular inquiry type(s) required must be selected by marking the appropriate Item (A, B, C, D, E, F) on the upper right front of the copy of the form.

Each authority will process the application and return the response to the name and address in the 'FROM' panel in Section 1.

## FORM SUPPLIES

Supplies of the standard NSW Single Authority Property Information Inquiry Form may be obtained free of charge from the Property Information Inquiry Service (PIIS) at the address shown below or downloaded, completed and printed from the LPM Authority website, [www.lpma.nsw.gov.au](http://www.lpma.nsw.gov.au) > Land Titles > Property inquiry forms. Alternatively, applicants may make copies of an original form for use as further applications, provided the layout and legibility of the completed form are consistent with the original.

## GENERAL INQUIRIES
